YOUR GUIDE TO LENS REPLACEMENT SURGERY

with Multifocal Lens. Journey to your freedom of vision.

GET PREPARED FOR YOUR CONSULTATION.

Please bring along your current eye glasses, contact lenses.

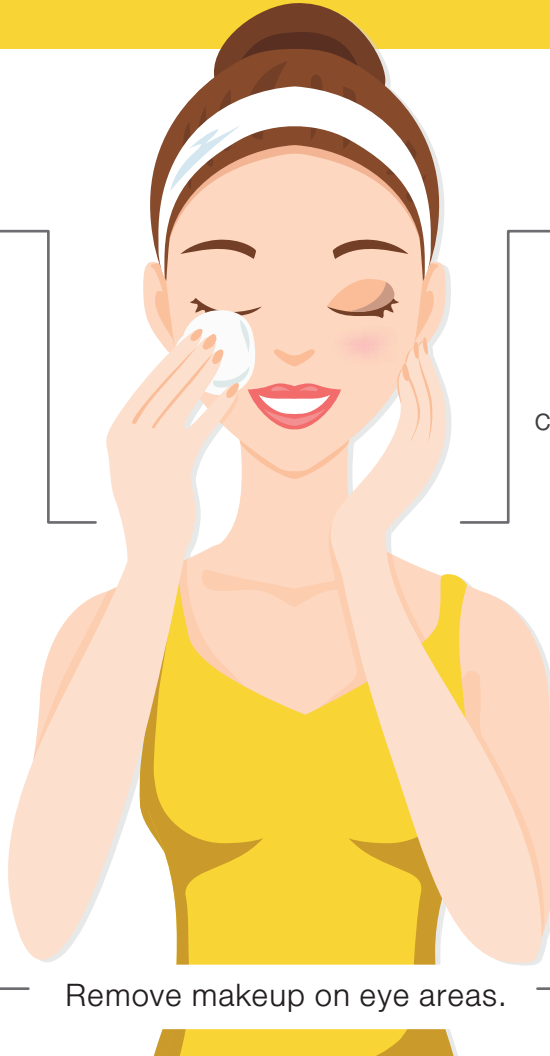

Inform your surgeon of your medical history, current medication, allergies, and any eye drops that you currently use.

Stop wearing contact lenses at least 5 days before consultation.

Discontinue blood thinning medication at least 5 days before consultation.

Remove makeup on eye areas.

CONSULTATION WITH YOUR SURGEON AND COMPLETE EYE EXAM

It will take around 2-3 hours.

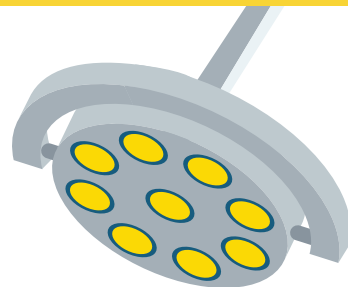

Your vision will be temporarily blurred for 3-4 hours after the examination is completed, so you must arrange for someone to drive you back to your home/hotel.

The consultation will cost you 7,500 THB, excluding medication and a blood test.

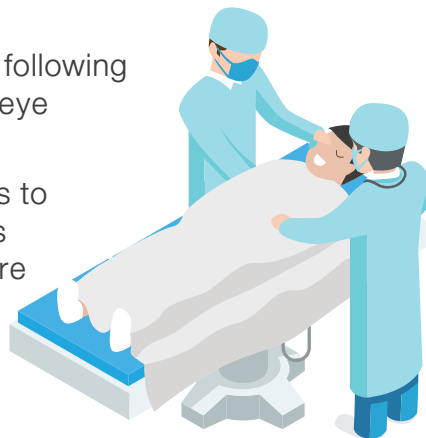

OPERATION DAY 1 (1st EYE)

- Quick & painless
- Operation time: 40-60 minutes
- Usually scheduled 1-3 days after the examination
- Take around 3-4 hours in hospital

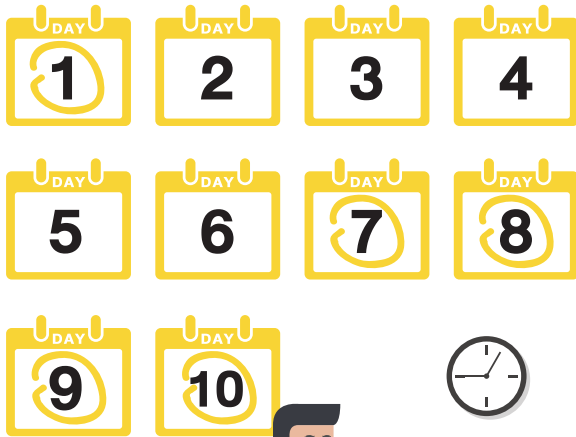

DAY 2 (2nd EYE)

- Usually done on the following day after the first eye is treated
- Your surgeon needs to ensure good results of the first eye before proceeding with the other eye.
